BISTRO  
STRÄNGNÄS

## Welcome!

Our menu is produced and composed for the optimal taste, thereof no changes in the courses.

We work with small-scale producers, farmers and growers in Sörmland, where sustainability thinking is important. This makes our menus unique with ingredients and flavor combinations that stick out. Do not hesitate to ask us about producers or cooking methods. Some bistro classics remain on the menu which are also standing dishes that do not change.
